

Product data sheet

Modular tv and computer jack socket, unshielded

Reference number

ITVKL-1-01

Modular TV antenna and computer jack socket (unshielded)

computer socket:

- LSA connection terminals
- 1x RJ 45, category 6, 250 MHz, e.g. used for Gigabit Ethernet and below

tv antenna connection cocket:

- external connection: coaxial plug IEC 60169
- internal connection: F socket IEC 60169-2 (RG-6 coax type cable)
- impedance: 75 ohms
- frequency range: 5 ... 2400 MHz
- attenuation: 0 dB

metal supporting frame, for screw mounting

Polycarbonate plastic (scratch-proof, PC), glossy

Centre plates colour, EAN code:

- ITVKL-1-01.E/B - White, 4770025855249, 10pc. package 4770025873458
- ITVKL-1-01.E/S - Sandy, 4770025870761, 10pc. package 4770025871232
- ITVKL-1-01.E/R - Brown, 4770025871416, 10pc. package 4770025962794
- ITVKL-1-01.E/Mt - Metallic, 4770025871607, 10pc. package 4770025872932
- ITVKL-1-01.E/J - Black, 4770025871799, 10pc. package 4770025873120
- ITVKL-1-01.E/Ch - Champagne, 4770025875254, 10pc. package 4770025875261

Technical specifications:

Corresponds to Cat. 6 comp. cable acc. to	ISO / IEC 11801
Computer socket connectors type (A)	1x RJ 45
Poles	8
TV connector corresponds to	RG-6 Coaxial Cable
TV connectors type	coaxial plug IEC 60169
Holder for connector / module	Metal mounting plate
Protection	IP 20
